"DON'T FUSS, MOTHER, THIS ISN'T SO FAST"

Stann! Life is all a single at twenty. This girl of today travels without an anchor. There's too much fun ahead for thought of fear—no many girls to be won to be satisfied with common things. Do older people really object—no they are just as apt to sport to escape drabness and drudgery and feel again the thrill of being young!

Youth knows but one standard—the best. That is why Modess has succeeded. The country over, it has been accepted as convincingly better. More comfortable, non-irritating, safer.

It is softer, conforming and without clamor because of a remarkable new filler invented by Johnson & Johnson, world's leading makers of surgical dressings. This filler is a fluffy, gentle mass like cotton—so yielding and absorbent. Amazingly absorbent and truly disposable.

The sides of Modess are smoothly rounded. The gams is cushioned with a film of downy cotton for added comfort.

Modess is deodorizing. Laboratory tests prove it to be most efficient in this respect.

COME ON, MOTHER— BE A SPORT

Modess is amazingly soft, yielding, and conforming, without clamor. It is the soft, downy mass of surgical dressings developed by Johnson & Johnson, world's leading makers of surgical dressings and absorbent paper. A remarkable new filler—so yielding and absorbent—so yielding and absorbent. Amazingly absorbent and truly disposable.

The thrill of having a hand about you that seems to be a hand, a hand that is soft and warm, something that you will not get tired of. The thrill of having a hand that will hold you tenderly in its grasp. The thrill of having a hand that is soft and warm, something that you will not get tired of. The thrill of having a hand that will hold you tenderly in its grasp.

"STEP ON IT, MOTHER— THIS ISN'T THE POLKA"

MODERNIZING MOTHER... Episode Number Four

MOTHER DON'T BE QUAIN'T

MILLIONS of daughters are teasing mothers back to youth—slamming doors on the quaint ways of the nineties. One by one the foolish old drudgeries and discomforts pass. Living becomes easier, more pleasant—*truly modern*.

An example of this modern trend is Modess. Modess has three vital superiorities—it is really comfortable, can be disposed without danger of clogging and is an effective deodorant.

Its comfort is almost unbelievable, the first time you try it. Modess is graciously soft, yielding, conforming. The filler is not in stiff layers but is a fluffy mass like cotton—an entirely new substance invented by Johnson & Johnson, world's leading makers of surgical dressings.

The sides are smoothly rounded and the specially softened Johnson & Johnson gauze is cushioned with a film of downy cotton.

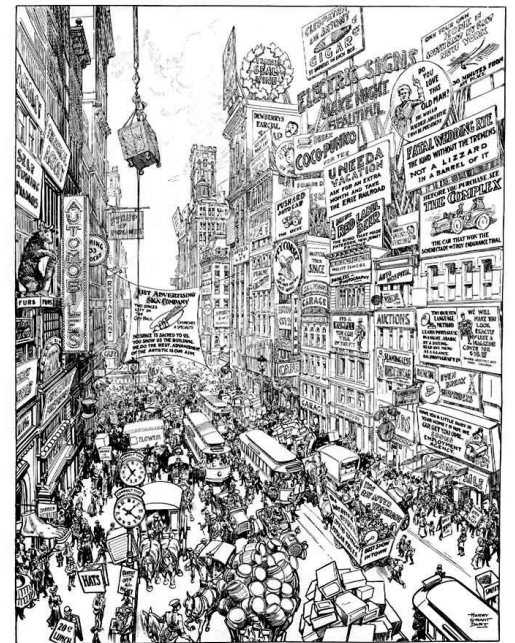

The deodorizing efficiency of Modess has been proved by laboratory tests to be higher than that of other napkins.

We are sure that you will be delighted to have discovered in Modess a napkin without fault—infinitely more comfortable, safer, more deodorizing and truly disposable. Since it costs no more, why not try it? It may be bought at most good stores.
